### PART 1. DESCRIPTION

Scholarship programme under bilateral agreement is designed for **advanced students enrolled or lecturers and researchers employed at public higher education institutions of Georgia for short- or mid-term study stays or research/lecturer visits at public higher education institutions of the Czech Republic**. This scholarship programme is open to applicants from all fields of studies and research, however admission to certain fields may be somewhat limited. About admission to a scholarship stay decide autonomously respective universities/faculties.

The **scholarships are not intended for a full course of study** (i.e. **do not lead to the award of a degree**), hence the applicants are not required to sit entrance examination. However, credits awarded during the scholarship may count towards the study undertaken in the home country (applicants should check with their home institutions).

**The terms and conditions of admission and requirements concerning the language<sup>\*)</sup> of tuition are stipulated by the host university** that takes an autonomous decision whether or not the applicant can be accepted within the framework of the Ministry's scholarship programme. Prospective applicants are **advised to contact the selected university directly and request a confirmation of acceptance** for a study stay from the foreign department of the faculty/ **a letter of invitation** from the appropriate department. Although such a document is not listed among obligatory attachments to the application form, its submission is recommended, since it may simplify and expedite the admission procedure. **Applicants are requested to point out to the selected university that they are applying for the MEYS's<sup>\*\*) scholarship award under an international agreement.</sup>**

The scholarship stay must take place from September 2026 to June/July 2027, with the exception of participation in a summer language course that precedes the relevant academic year. The autumn semester in higher education institutions of the Czech Republic normally lasts from September until January and spring semester from February until June.

The summer language courses (the Summer School of Slavonic Studies) take place during the summer months of July or August, depending on the organizer.

<sup>\*)</sup> *Tuition-free study programs are predominantly held in Czech. The applicant can be accepted for a study program taught in a foreign language (usually in English) only if the host university waives tuition and indicates its decision in the confirmation of acceptance.*

<sup>\*\*) MEYS = Ministry of Education, Youth and Sports of the Czech Republic</sup>
